HIVSav 1&2 Rapid SeroTest™

HIVSav 1&2 is a Rapid Sero immunoassay based on a flow-through technology for the antibodies directed against HIV-1 and HIV-2 in serum or plasma.

The HIVSav 1&2 Rapid SeroTest™ addresses the needs of emergency rooms, point of care testing, doctor's offices and low volume testing. Results from clinical studies demonstrate correlation of HIVSav with ELISA, Western - Blot and Rapid tests with both specificity and sensitivity greater than 99.9%.

HIVSav 1&2 Rapid SeroTest™ 50 tests B381-01
